

# CONNECT 2026 Sponsorship

A global series of events  
driving the sustainable  
finance agenda

# Partner with us in 2026

Gain a strategic advantage by being part of the latest developments in climate finance.

Over the years, one of the many channels we have inspired and informed, is through our global CONNECT series.

For senior leaders from across the sector of bond issuers, investors and governments, these events put you at the forefront of the industry with the latest and most critical thinking in climate finance.

# Why Sponsor CONNECT 2026?

Our CONNECT event series provides a host of opportunities, indicative to your engagement objectives within the sustainable climate finance audience.

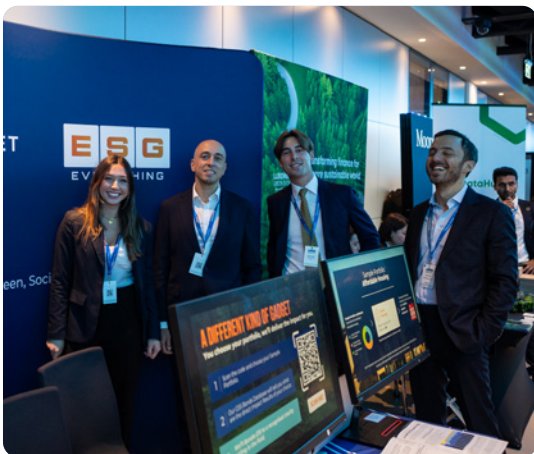

## Commit to change

Act on the global climate crisis which is an existential threat to economies, communities and companies.

## Demonstrate your expertise

Share and deliver your company's leaders' expert views via a range of focused panels and core discussions.

## Amplify your brand

Increase your brand awareness and credibility by being associated with an independent, authoritative and internationally recognised organisation such as Climate Bonds.

## Engage with your audience

Build connections with key decision-makers, through face-to-face interaction and targeted networking opportunities.

In 2026, we will continue our impact in financial centres. Where sustainable finance is shifting the economy.

The agenda is shaped to focus on the challenges and opportunities for the private sector and government to address the ongoing climate crisis.

The events are delivered in a suite of different formats, designed to **provoke debate, collaboration, and engagement**, as we discuss and work together towards the solutions needed for greater and quicker impact.

Complementing the events, we will also acknowledge and recognise the hard work and achievements going on across the sector with the announcement of Climate Bonds Awards.

# Who it attracts?

Climate Bonds CONNECT brings together international, regional and national stakeholders from across the sustainable finance sector.

## From key decision makers and leaders within:

- Investors and asset owners
- Governments, banks, issuers and regulators
- Policy organisations, academia, green finance NGOs
- UN/multilateral and national finance organisations

**The events are extremely popular and priority attendance is given to current Climate Bonds Network members.**

Portfolio Managers, Investment Managers, Debt Capital Market Heads, Fixed Income Analysts

# Testimonials

*The CONNECT series that you have here is fantastic. Bringing people together, providing them a market update in terms of what is happening, the latest Standards, talking about sustainability Standards, new Taxonomies and the interoperability of Taxonomies - I think these were the key takeaways for me in this series"*

**Torsten Albrecht, Principal Investment Officer, Fixed Income & Structured Products, Asian Infrastructure Investment Bank**

*Hosting in this region, in Hong Kong - means we have a very good foundation to move things forward. To be here, to promote, to foster and educate and also do a little bit of knowledge transfer - we can move things forward and be a bigger financial player in the market to support transition initiatives in the region."*

**Frank Tsui, Head of Responsible Investment Development, Asia ex-Japan, Amundi**
