□ Water & wastewater	 Water distribution Water treatment Wastewater treatment Water storage 	 Storm water mgmt Flood protection Desalinisation plants Erosion control Energy performance 	 Infrastructure Industry: components Adaptation & resilience 	
Waste management	 Recycling Waste prevention Pollution control 	 Landfill, energy capture Energy performance Infrastructure 	 Waste to energy Industry: components Adaptation & resilience 	

Climate Bonds

□ Land use & agriculture	 Afforestation/parks FSC Forestry FSC Cellulose & paper 	□ Land remediation □ Energy/water efficiency	 Sustainable agriculture Adaptation & resilience 	
□ Other	□ Adaptation & resilience		□ Industry: process	
Issue details				
Reporting	No reporting commitment stated.			
Issuer information	Porterbrook specialises in the leasing of railway stock and equipment. It is based in Derby, UK, and employs around 120 people. Since 1996 it has invested over USD3bn in 2500 new passenger and freight vehicles.			
Firsts, records and certifications	First UK rolling stock leasing company to issue a Green Private Placement			
Proceeds description	The proceeds will go towards refinancing a USD250m public bond that was issued under the company's green bond framework.			
Climate Bonds view	This is the first transport company from the UK issuing a green bond and therefore the second organisation dedicating 100% of the proceeds to low carbon transport. We hope this encourages more issuers in this sector to look for projects that could be financed with a green label.
