Carbonsink joins Climate Bonds Partners Programme

FLORENCE/LONDON, 06/02/2019: Carbonsink, Florence-based climate strategy consultancy firm, has joined the Climate Bonds Initiative Partners Programme.

Carbonsink is a highly specialized consultancy company focused on the development of sustainability strategies and compensation of CO₂ emissions. It specializes in Carbon Management, Carbon Finance and in the implementation of climate change mitigation projects. Carbonsink has become an Italian leader and an internationally recognized organisation in the of climate risks.

Climate Bonds is an international, investor-focused not-for-profit working solely to mobilise the USD100 trillion bond market for climate change solutions. The Climate Bonds Partners Programme brings together leading finance institutions, issuers, services providers as well as governmental bodies, to develop and expand green finance markets to scale investment in the low carbon economy.

Vincent Reulet, Head of Advisory Services, Carbonsink:

“We are delighted to join the Climate Bonds Initiative Partners Programme. Carbonsink’s climate mitigation work is in line with CBI’s efforts to accelerate a low carbon economy and finance climate solutions. We believe green bonds are an important tool that companies can tap to raise capital for their green transition and by working together with CBI and its network we will add this expertise to our offerings.”

Serena Vento, Head of Partnerships & Commercial Relationships, Climate Bonds Initiative:

“We are happy to welcome Carbonsink to our global network of Partners. Carbonsink has been active in helping organisations of all sizes to green their business models by developing innovative climate mitigation strategies. The private sector and corporates have a critical role in global efforts to meet Paris Agreement goals and low carbon transition. We welcome the opportunity to work together promoting green finance as part of the suite of climate change solutions available for business.”
